**Must be 18 years or older to
purchase ticket or win a prize.**

NEED NOT BE PRESENT TO WIN • 1,000 Tickets Printed

Drawing at Ace Hardware, Newfolden & live streamed
Newfolden Fire Facebook page 7 pm

In October of 2025 Newfolden Fire Department approached the Newfolden City Council with a vision to build a training facility. Ultimately the city granted approval to build this training facility within the city dump grounds west of Newfolden.

This spring, with the help of Greg Hufnagle, Jaredt Lee and material through Taggart Excavating the site foundation was laid. In the coming months there will be a 40 foot storage container delivered, which will serve as a live burn building.

There will also be a variety of training items that will be set up to enhance your fire departments skills, to include propane tanks, electrical wires, fire hydrants, and elevated hills for car accident scenarios. There will be future signs and fencing that will section this area off from our communities normal use of the city dump.

We ask that you stay out of the training site, but please watch as it grows this year and into the future. Thank you for your continued support of your fire department.

★ UPDATED UTILITY BILLING ADDS FLEXIBILITY AND EFFICIENCY! ★

We have converted to a new utility billing system, where all of your services and billing (for each account) will be available on one card. You must re-enroll to view your accounts and pay your accounts online. This is a two step process:

- 1** Email the City of Newfolden at www.wiktel.com with your account number and email address to be verified and approved. Once this has been completed, you will received a "Thank You" reply from the City of Newfolden, after which, you will be able to sign-up for online payments using the steps below.
- 2** Register with usbilling to view your bill and/or make online payments:
Web page address for online payment portal
<https://usbillingonline.com/pay-bill>
 - a. Enter email and Municipality code (Printed on your bill)
 - b. You will next receive a code to log into the account that has been connected to your email.
 - c. Once logged in you can see one or multiple bills associated with your email address, see the bill details and start the payment process. The payment process uses the same payment vendor used by Newfolden's last system. Those screens to enter the card information are identical to what you may have used before. The only difference will be the log-in process.

COMMON ISSUES:

1. New emails may be sent to Junk or Spam the first time. To fix this the customer should report as not spam.
2. Some Email clients like Outlook will initially hide WEB and HTML content where the customer must allow images to be visible to see the Access Token.
3. Incorrect email address or Municipality code.

FEMA REMOVES 100 YEAR FLOODPLAIN DESIGNATION

We are pleased to notify residents and businesses in Newfolden that the Federal Emergency Management Agency (FEMA) has received a Letter of Map Revision (LOMR). This letter revises the Newfolden Flood Insurance Rate Map (FIRM) and the Flood Insurance Study (FIS) for our community.

The revisions successfully remove most of the community from the 100-year flood plain. This is excellent news for those who have been required to carry flood insurance and whose properties have been negatively impacted by this designation. A copy of the LOMR and the revised maps are available on the City website at www.newfolden.mn.gov.

Feel free to call the city office if you would like a copy of this documentation sent to you.
