## ***Yard Debris and Unused Vehicle Clean-up***

Several complaints have been made by concerned citizens regarding excessive debris on property within the city limits. A violation of the Nuisance Ordinance is defined by accumulations in the open, of discarded or disused machinery, household appliances, automobile bodies, or other material, in a manner conducive to the harboring of rats, mice, snakes, or vermin, or to fire, health and safety hazards from such accumulation or from the rank growth of vegetation among the items so accumulated. The maintenance of conditions which unreasonably annoys, injures, or endangers the safety, health, moral, comfort, or repose of any considerable number of members of the public is considered a misdemeanor.

Letters may be sent to property owners considered in violation. The City Council is asking households to consider this concern and make efforts to clean up such debris.
