### DEED-SMALL CITIES DEVELOPMENT PROGRAM

Newfolden has been granted a Small Cities Development Program grant and will soon be accepting applications. The SCDP is funding for housing and commercial rehabilitation projects. It allows local units of government to lend funds for the purpose of rehabilitating housing and commercial property. Loan agreements may allow for deferred payments or immediate monthly payments. Interest rates may vary, and any loan repayments are retained by the City for the purpose of making additional rehabilitation loans. In all cases, housing funds must benefit low and moderate income households. Newfolden's SCDP program is administered through Northwest Community Action. If you participated in a pre-survey last year, indicating your interest in a housing or commercial project, you should be receiving an application for the program's next step automatically.

**CITY SCENE** 

If you did not participate in the pre-survey, but would like to be considered for the program. Please complete the applicable form below and return as soon as possible. Funds are limited and will be allocated to eligible projects on a first-come, first-serve basis.

#### COMMERCIAL BUILDING OWNERS—Does Your Building Need Repairs?
